

# MATERIAL HANDLING EQUIPMENT

## SINGLE TABLE/SHEET WHEELER

Now you can move sheet items easily using this unique wheeler. Simply lift one end of the item to be moved, roll the wheeler under the center and slip the retaining clip over the top. You can now roll the item to any location with ease. The load will remain secure and upright even when not attended. The channel accepts material thickness up to 2-1/2" and is vinyl coated to protect and secure the load. Only one person is needed to move folding tables, 4' x 8' sheets of plywood,

doors and office partition panels, even through doorways. A must for every department with folding tables.

# DESK LIFTS/MOVERS

## THE ORIGINAL DESK LIFT

Engineered for easy moving of most types of office desks by just one person. Reduces labor and moving costs; saves time and effort, too. No need to empty drawers or remove equipment and material from desk tops. Simply roll Mighty King desk lift beneath desk. In seconds desk can be rolled in any direction. All Mighty King desk lifts are manufactured and assembled in the U.S.A. under rigid quality control standards with these special design features:

- Heavy duty casting and steel caster base, powder coated finish.
- Lift frame is coated with a tough non-mar, skid-resistant red vinyl.
- Handle is removable. Safety latch automatically locks in raised position with a convenient trip for release.
- Sturdy roller-bearing, non-mar hard rubber casters rotate freely in a 360 degree circle for easy maneuvering.
- Shipped fully assembled in one carton.
